SEVERE STORM RACES. DECREASE OF CATTLE.

Terrific Wind Sweeps Through Kentucky Metropolis.

GREAT DAMAGE IS DONE.

It Brought to Death One Man and a Completely Blocked With Fallen Trees Several Thoroughfares and Prevented Running of Cars Some Hours.

Louisville, July 10.—A terrific wind storm, which burst upon the city shortly before 5 o'clock Tuesday afternoon, brought death to one man and one boy and injury to several other persons. Many horses and mules were killed, buildings unroofed, smaller structures blown down and unprecedented damage done to shade trees all over the city. The records of the weather bureau show that the maximum velocity of the wind was sixty-eight miles per hour during the height of the storm, and the wind blew at the rate of sixty miles for fifteen minutes. Several streets were impassable for blocks owing to the trees which litter the roadways. Street car service was suspended for several hours. Both telephone companies report a serious interruption to their service. No advice have been received from the surrounding country owing to the prostration of wires. Jeffersonville, Ind., across the river, escaped the full force of the blow, but the damage to property in New Albany is estimated at \$50,000, the heaviest loss being sustained by the Ohio Falls Iron Works company. The churches and one school house were unroofed in New Albany.

HAD "GOOD THING."

Alleged Accomplice of Carter Woman Arrested.

New York, July 10.—The police arrested Harry Kirkstein, a telegraph operator, twenty-two years old, on a charge of acting with Mrs. Laura Carter in receiving and disposing of \$40,000, stolen from the Windsor Trust company by Chester B. Runyan. The complaint was signed by G. W. Young of the trust company.

Kirkstein is the man for whom the police have been looking for several days. Kirkstein was examined by Assistant District Attorney Corrigan. He said that he had lived with Mrs. Carter in a flat in West Sixty-eighth street for about a year and a half, until recently she told him she had a "good thing," and he left her.

On the evening of the Fourth of July, he said, Mrs. Carter telephoned him to meet her the next morning, which he did. She told him, he said, that the "good thing" was Chester B. Runyan, the missing teller of the Windsor Trust company, and that he had given her \$5,000, which she had in her handbag. Kirkstein said he advised her to take the money to the trust company and tell the officials where Runyan was. She replied, Kirkstein said, that she would return the money, and then give him up. He did not see the money, and had no idea whether he returned it to Runyan.

AT CHICAGO.

Indications Are the Strike Will Be Extended There.

Chicago, July 10.—The indications are that the controversy between the commercial telegraph companies and their telegraphers will be fought out in Chicago. With the announcement from the Pacific coast that Superintendent Miller had refused to meet a committee from the union, and that President Small should leave Chicago, came a message from Mr. Small to the president of the local union to call a meeting for Sunday to vote on the strike proposition. The message also stated that President Small would be presented at the meeting, and would address the members of the union. President Small also informed the local officials that he had requested Grand Chief Perham of the Order of Railway Telegraphers to be present at the meeting. The request for the officials of the railway union is taken to mean that he will be asked for the moral support of his organization in case of a strike.

ARREST MADE.

Suspected Party Had Been Living For Days in Swamps.

New Orleans, July 10.—The police at Hansan, La., arrested a man who they claim is Angelo Incarcerata, the Italian, who is charged with choking to death the kidnapped child, Walter Lamana. The prisoner had been living for days in swamps, dressed in fine quality of clothing, and carrying a suit case. He refused to give his name.

Eldridge Succeeds Zimmer.

Little Rock, July 10.—President Kavanaugh of the Southern Baseball league has appointed Clarence Eldridge, sporting editor of the Arkansas Gazette, as umpire to fill the vacancy caused by the resignation of Chief Zimmer. Mr. Eldridge has had experience at umpiring professional ball, and is also well known in college circles as a football referee and an authority on sports.

This Is the Result of Exhaustive Investigation

BY JOURNAL OF STOCKMEN

It Has Been Found In Some Southwest Districts the Past Five Years Less Have Been Raised Than Previously and Scarcity Is Feared.

Fort Worth, July 10.—The Texas Stockman's Journal, the official organ of the Texas Cattle Raisers' association, has just completed an exhaustive investigation of the number of cattle at present on Texas ranges with the view of finding whether or not a cattle shortage really exists. The results shows that the number of cattle now in the southwest has decreased from 10 to 60 per cent in the past five years. In a few localities there has been no appreciable decrease and in southwest Texas an increase is reported. Another report, however, from about the same district tells of a decrease of 20 per cent. The shortage in the Panhandle is placed at 95,000 head in the past five years. In New Mexico the number of cattle has decreased 60 per cent in that time and there is not a single herd of aged steers in New Mexico. Indian reservation cattle have been increasing in number, but this is believed to be because Texas cattlemen are taking advantage of what they think will be the last free grazing year.

The result of this investigation is to bear out the belief of cattlemen that while cattle shipments have remained the same or increased, a real cattle shortage exists in the southwest and in the course of a few years it will seriously affect the markets.

OIL FIELD FIRE.

Lightning Causes Much Damage to Ensur.

Beaumont, July 10.—The Security Oil company sustained a heavy loss by the destruction of an earthen storage tank of 250,000 barrels capacity, containing 65,000 barrels of oil, at Gladys, one mile southwest of the Spindletop oil field. The tank was struck by lightning during a thunderstorm.

The asbestos-felt roof was ignited, but the flames were extinguished and steam was turned into the tank for twenty-four hours and it was thought that the flames were securely smothered until 8 o'clock Tuesday evening, when the tank exploded and the roof was torn off.

The flames soon enveloped the tank and it was abandoned, all efforts being directed to saving five adjacent oil tanks containing large quantities of oil.

The oil destroyed was Indian Territory crude, worth \$1.10 per barrel. The tank was constructed during the boom at a cost of \$35,000 and was damaged to the extent of about \$15,000.

The flames created quite a spectacular effect and caused many Beaumonters to go out to the oil fields.

TO RECALL CONVICTS.

They Are to Be Utilized on Road of the State.

Austin, July 10.—The penitentiary board decided that it would recall some 300 convicts now out on lease for work on the road to be built by the state to connect Rusk with the International and Great Northern.

Some contracts on share farms and with lignite mines are to be renewed. The board wishes to encourage the lignite mining industry and needs fuel for its own use.

Aged Confederate Passes Away.

New Orleans, July 10.—Colonel William Wrenn, said to be the oldest Confederate veteran in Louisiana, is dead. He was distantly related to General U. S. Grant, through his mother, whose maiden name was Mary Grant. The Wrenn family is one of the most distinguished in Louisiana and Mississippi.

Fell In and Drowned.

Houston, July 10.—While stepping from one barge to another in unloading salt at the local wharf Charlie Hawkins fell into Buffalo bayou and drowned. As he fell his head struck the side of the barge, rendering him unconscious. His body was recovered.

Three Bridges Washed Out.

Eastland, Tex., July 10.—Three bridges on the Texas and Pacific railway west of here were washed out. Leon river is the highest known in years. Crops are badly damaged by the rain.

Twenty-First to Leave.

Austin, July 10.—Union Mutual Life Insurance company of Portland, Me., will leave Texas.

Mrs. Mills Very Low.

Washington, July 10.—The wife of ex-Senator Mills of Texas is very low in a sanitarium here.

Paper Changes Hands.

Dallas, July 10.—N. T. Blackwell has sold the Dallas Democrat to Milton Everett.

BRYAN, TEXAS, JULY 11, 1907

MR. J. P. WILSON DEAD AT FT. SMITH

Telegram Received Here Yesterday By Mr. S. B. Wilson Announcing His Death.

Mr. Sam B. Wilson of this city, on yesterday received a telegram from Ft. Smith, Ark., announcing the death of his brother, Mr. J. P. Wilson, in that city yesterday morning. Mr. Wilson was 39 years old, born and reared in Bryan and the eldest son of Mrs. J. P. Wilson of this city. He was a young man of genial disposition and made friends wherever he went. He was an excellent mechanic, industrious and had traveled extensively for several years.

The news of his death was a sad and unexpected blow to the family and friends, and the bereaved ones have the sympathy of all. Mr. Wilson leaves his mother, brother and sister, Miss Blanche Wilson, of this city, and another sister, Mrs. J. W. Barton, who arrived from Dallas last night. Mr. Wilson's remains will be brought to Bryan for interment and will probably arrive tonight, in which event the funeral will be held Friday morning.

THE COLTS TOOK THE LAST GAME.

The third and last game of the Bryan base ball team with the Houston Colts, played yesterday afternoon, was won by the visitors. Score 12 to 6. The feature of the game was the splendid pitching of Mit Parker for the home team, pronounced the best which has been seen here this season. He struck out thirteen men.

The Colts go to Navasota for a couple of games, and Forrester, McDonald and Riesto will play with Navasota. McDonald has been engaged by the colts to pitch for them in the first game with Calvert Monday.

The Colts were well pleased with the treatment accorded them here. The best crowd of the week attended the game yesterday afternoon, and the management will probably play even financially on the three games in spite of the rain Monday and Tuesday.

THE FARMERS' CONGRESS.

Preparations Being Made for Its Entertainment at College Station.

Arrangements are rapidly being made for the entertainment of the Farmers' Congress, which meets the 23, 24 and 25 of July. Accommodations for the 500 or 1000 people will be ample, committees having been appointed to look after their comfort in various lines. The mess hall will accommodate between 500 and 1000 at one time and the Shirley 75. While these two places will probably furnish meals as rapidly as there will be any demand, still there will be a first-class lunch stand, where light lunches may be secured.

At least one building will be set aside for the exclusive use of the ladies.

There is a larger number of the members of the faculty on the campus this summer than is usual and everything points to an unusually enjoyable and profitable session.

The Eagle would be glad to see a large attendance on the Congress from Brazos and surrounding counties. It comes at a time when farmers and business men can very well afford to attend, and all who do so will most certainly be befitted by the papers and discussions of timely topics pertaining to agriculture in its various phases.

We would be glad to see the Brazos County Farmers' Union at the Alexander meeting take suitable action recommending the attendance of its members on the Congress. A delegation should at least be sent.

Eastern capitalists are planning to install a plant at the falls on the Brazos river, for the supplying of electric power. The plant is to be located about half way between here and Waco, and the power will be supplied to Waco, under a franchise already granted, and to the smaller towns and to inter-urban roads within reach. It is claimed that electricity can be furnished this whole section of the state at a very low cost, and that means an increase in manufacturing plants of all kinds, as electricity is the best and cheapest power in the world, and the utilizing of the Brazos river for the making of the current means a great deal in the development of this part of the state. — Caldwell News-Chronicle.

NOTED CHEF DEAD.

Hiram S. Thomas, Originator of Sarcotoga Chips, No More.

New York, July 10.—Hiram S. Thomas, a negro, who originated Sarcotoga chips, and who was a noted chef, is dead at his home near Redbank, N. J. During President Grant's administration Thomas was steward at the Capitol club in Washington, where he made the acquaintance of President Grant and all the prominent public men of the time.

Full Pardon For Lynch.

London, July 10.—On the eve of his visit to Ireland King Edward has granted a full pardon to Colonel Arthur Lynch, convicted of high treason in 1917 for having fought in the Irish brigades on the side of the Boer in the South African war.

SWIFT DENIAL.

State Department and Japanese Embassy Disavow.

Washington, July 10.—From the state department and from Japanese embassy here came a swift and conclusive denial of the accuracy of the statement cabled from The Hague to the London Daily Telegraph and reprinted in this country to the effect that Japan had made categorical demands on the United States government for satisfaction in connection with the treatment of Japanese at San Francisco and had served notice of her intention to deal with California herself if the national government fails to do so. At the state department it is said the American public was fully aware of the nature of all exchanges that have taken place on this subject; that there have been no correspondence of recent date and there have been no negotiations in progress between the two governments. This statement was fully confirmed at the Japanese embassy.

WILL BE WITHDRAWN.

Japanese Naval Expert Highly Eulogizes the American Navy.

Tokio, July 10.—The Hochi will withdraw its interview with Admiral Sakamoto. The latter was quoted as saying American naval officers are brilliant social figures, but deficient in professional training and practice, and the crews of American ships would retreat rather than fight the Japanese. Simultaneously with the withdrawal of this interview the Hochi will publish an anonymous interview with a Japanese naval expert highly eulogistic of the efficiency of the present American navy and the high standard of its gunners.

AGAIN IN SESSION.

Oklahoma Constitutional Convention Resumes Work.

Guthrie, July 10.—The convention that early this year drafted a constitution for the proposed new state of Oklahoma reconvened here Wednesday after a two months' recess. The present work of the convention will be to set a new election date, to finish up a good deal of minor work and adjourn sine die. Final adjournment is expected within ten days.

After the convention is adjourned, the Republican state committee will issue a call for a state convention to name a full set of officers. The Republican gathering had been called to meet at Tulsa July 12, but it was later determined to cancel this date and wait until the constitutional convention finishes its work before meeting. The Democrats have already named their ticket.

HUNDRED MILLIONS.

Unprecedented Record For Savings Bank.

New York, July 10.—At the close of business Tuesday the deposits in the Bowery Savings bank reached a total of \$100,000,000, a showing, it was said, unprecedented in the history of savings banks, and one never before attained by any savings institution in the world.

President Wood stated that the enormous increase on deposits in savings banks indicated in the most gratifying manner the continuance of the great national prosperity.

A noticeable feature commented upon by savings bank officials is the influx of deposits from remote sections of the country, where savings banks have been almost unknown, mainly because there was no need for them, indicating that even the small hamlets are getting their share of prosperity.

SANTA FE INDICTED.

Charge Against That Railroad Company Is Rebating.

Chicago, July 10.—The Federal grand jury returned an indictment against the Atchison, Topeka and Santa Fe railroad of sixty-five counts on charge of rebating.

The indictment charges the road with granting rebates amounting to \$12,000 to the United States Sugar and Land company of Garden City, Kan. If convicted the road is subject to a maximum fine of \$1,300,000 or minimum fine of \$65,000. The rebates are said to have been granted on a shipment of building material, the freight on which which amounted to \$100,000. It is alleged the railroad agreed to return \$35,000 of the \$100,000, but only \$12,000 had been paid when complaints heard from other shippers and the government commenced an investigation.

NOTED CHEF DEAD.

Hiram S. Thomas, Originator of Sarcotoga Chips, No More.

New York, July 10.—Hiram S. Thomas, a negro, who originated Sarcotoga chips, and who was a noted chef, is dead at his home near Redbank, N. J. During President Grant's administration Thomas was steward at the Capitol club in Washington, where he made the acquaintance of President Grant and all the prominent public men of the time.

Full Pardon For Lynch.

London, July 10.—On the eve of his visit to Ireland King Edward has granted a full pardon to Colonel Arthur Lynch, convicted of high treason in 1917 for having fought in the Irish brigades on the side of the Boer in the South African war.

AFTER TOBACCONISTS.

Government Institutes Action at New York City.

New York, July 10.—The government has filed in the United States circuit court here a petition against the American Tobacco company, Imperial Tobacco company, British-American Tobacco company, American Snuff company, American Cigar company, United Cigar Stores company, American Stogie company, MacAndrews & Forbes company, Corley-Foll company and fifty-six other corporations and twenty-nine individuals connected with named companies. These corporations and individuals constitute what is generally known as the "Tobacco Trust," and the petition directed against them sets forth the purpose of the government to dissolve this alleged trust by breaking up agreements under which consolidated concerns are working.

In showing the growth of the "trust" since its organization in 1890 the conclusion is reached that at an early date, unless prevented, it will completely monopolize the entire tobacco industry; that all defendants are engaged in interstate and foreign trade and commerce in tobacco and products manufactured therefrom, it is alleged by the petition. It is stated that the act of July 2, 1890, "to protect trade and commerce" and subsequent acts have been violated, and the government, therefore, seeks to prevent and restrain unlawful existing agreements, combinations and conspiracies and attempts to monopolize and break up perfected monopolies. The government asks that existing combinations, conspiracies and monopolies be enjoined and each defendant company be restrained from holding or controlling stock in any other.

It asks further that the Imperial Tobacco company be enjoined from doing business within the jurisdiction of the United States until it shall have ceased to observe the terms of its agreement with American companies; that certain defendants be declared combinations in restraint of trade and be enjoined from engaging in interstate and foreign trade or commerce, and that a receiver be appointed to take charge of their affairs and administer them so as to bring about conditions in harmony with law. The petition shows total assets now exceed \$275,000,000.

The allegation is made that members of the combination divided up the tobacco business of the world, assigning some special territory for unmonopolized exploitation. It is declared the consolidated corporations annually purchase 475,000,000 pounds of domestic leaf and the total produced in the United States and manufacture, sell and distribute more than 280,000,000 pounds (80 per cent) of smoking and plug tobacco, 95 per cent of snuff, 80 per cent of cigarettes, 75 per cent small cigars, 95 per cent of licorice products, 80 per cent of tin foil products, and 10 to 15 per cent of cigars and stogies of the total annual production of domestic tobacco, estimated at 800,000,000 pounds, 75 per cent purchased by the American Tobacco company and associates and allies at prices which the government alleges to be unlawfully influenced by the combination. It is said this is in defiance of the laws of the trade, where open competition by several separate and independent concerns control prices.

McREYNOLD'S OPINION.

Criminal Prosecution of Some Defendants Highly Probable.

New York, July 10.—James C. McReynolds, special assistant attorney general, who filed the complaint in the tobacco case, said that criminal prosecution of some of the defendants named is highly probable; that the Sherman law, under which the action was brought, makes conspiracy in restraint of trade a criminal offense.

Bitten by Cat.

Durant, July 10.—The little daughter of B. M. Head was bitten by a cat. The animal at the time had a spasm.

Shot Through Left Lung.

Guthrie, July 10.—In a quarrel near Marshall, this county, Joe Williams was shot through the left lung and stomach. He cannot recover. Bill Randols was placed under \$2,000 bond.

Legislature In Session.

Montgomery, Ala., July 10.—The adjourned or July session of the legislature has convened for thirteen days. Governor Comer, in a message, approves equalizing of taxes and compulsory education. He also favors stopping of railroad work on the Sabbath, but states the time for such legislation has not yet arrived.

President Appealed To.

New York, July 10.—President Small of the Commercial Telegraphers' union has appealed to President Roosevelt asking that he prevent a general strike.

Continued Until Monday.

Sandy Hook, Ky., July 10.—The case of Judge James Hargis, charged with the murder of Dr. B. D. Cox at Jackson four years ago, has been continued, owing to the absence of state witnesses, until Monday.

For Prohibition Amendment.

Jackson, Miss., July 10.—At a conference held here of the leading prohibitionists of the state it was decided to ask the next legislature to enact a statute prohibition law, and at the same time submit an amendment to the constitution calling for constitutional prohibition.

Eight Buildings Destroyed.

Topeka, Kan., July 10.—On college Hill, a suburb, six dwellings and two stores, all frames, burned.

Rheumatism

I have found a tried and tested cure for Rheumatism! Not a remedy that will straighten the distorted limbs of chronic cripples, nor turn bony growths back to flesh again. That is impossible. But I can now surely kill the pains and pangs of this deplorable disease.

In Germany—with a Chemist in the City of Darmstadt—I found the last ingredient with which Dr. Shoop's Rheumatic Remedy was made a perfected, dependable prescription. Without that last ingredient, I successfully treated many, many cases of Rheumatism; but now, at last, I can cure all curable cases of this heretofore dread disease. Those sand-like granular wastes, found in Rheumatic Blood, seem to dissolve and pass away under the action of this remedy as freely as does sugar when added to pure water. And then, when dissolved, these poisonous wastes freely pass from the system, and the cause of Rheumatism is gone forever. There is now no real need—no actual excuse to suffer longer without help. We sell, and in confidence recommend

Heart Strength

Heart Strength, or Heart Weakness, means Nerve Strength, or Nerve Weakness—nothing more. Positively, not one weak heart in a hundred is, in itself, actually diseased. It is almost always a hidden tiny little nerve that really is all at fault. This obscure nerve—the Cardiac, or Heart Nerve—simply needs, and must have, more power, more stability, more controlling, more governing strength. Without that the heart must continue to fail, and the stomach and kidneys also have these same controlling nerves.

This clearly explains why, as a medicine, Dr. Shoop's Restorative has in the past done so much for weak and ailing hearts. Dr. Shoop first sought the cause of all this painful, palpitating, suffocating heart distress. Dr. Shoop's Restorative—this popular prescription—is alone directed to these weak and wasting nerve centers. It builds; it strengthens; it offers real, genuine heart help. If you would have strong hearts, strong digestion, strengthen these nerves—re-establish them as needed, with

Dr. Shoop's Restorative

M. H. JAMES.

Try Preventics, At My Risk With Book on Colds.

Just to prove merit—to show you how quickly Preventics can and will check colds or the Grippe—I will mail you free on request these samples and my book. Simply address—Dr. Shoop, Racine, Wis. Preventics are thoroughly harmless little Candy Cold Cure tablets. No Quinine, no axative, nothing sickening whatever. To check early Colds or Grippe with "Preventics" means sure defeat for Pneumonia. To stop a cold with Preventics is surely safer than to let it run and be obliged to use it afterward. Preventics will however reach a deeply seated cold. But taken early—at the sneeze stage—they break or head off these early colds. That is surely better—that is why they are named "Preventics." Promptness however is all-important. Promptness in the use of Preventics may save half your usual sickness. Feverishness, night or day, with child or adult, suggests the need of Preventics. Write Dr. Shoop, Racine Wis., today for samples and booklet. Preventics are sold by

The Eagle understands that all the Bryan saloon will close tonight at midnight and will remain closed until such a time as they can obtain license under the new law. This course will be followed by a majority of the liquor dealers throughout the state.

Prudence and good business judgment suggest that you should at all times keep your life and property well insured. Consult Jno. B. Hines for anything in the insurance line. Office in Smith Building, Phone 161. dtf

Representing the best of companies in all lines of insurance, I invite a liberal share of your business in 1907. Careful and prompt attention to all business entrusted. Office up-stairs in Smith Building. Phone 161. Jno. B. Hines 24tf

Notify me regarding your insurance needs. No better inducements can be offered by any agency in Texas than I am able to give you. If your property is not fully covered why run the risk of loss. See me or call me up by phone today. J. B. Hines. 139 tf

Commissioner Arrington has had on exhibition at the courthouse this week six ears of very fine corn raised on his place from seed secured from the government. The ears were long, large, well formed and full of grains. By actual count one ear contained 880 grains.

The little cottage purchased by Will Thomas, in Fourth ward, has recently been added to, painted, and a new fence built. The place now presents a very home-like appearance and adds materially to the looks of the neighborhood.—Navasota Examiner.

Mr. and Mrs. C. G. Walker, Mr. and Mrs. A. McKenzie, Mrs. Nannie Rohde, Misses Nellie and Alline Rohde, Miss Lamar McMordie, John Nicol and others will leave this morning via the I. & G. N. for a tour in Mexico, extending as far south as the City of Mexico.

A negro wanted in this county on a charge of assault with intent to murder, and under indictment by the grand jury of Brazos county, was arrested by Deputy Sheriff Henry Heil of Navasota, at North Zulch and brought here and lodged in jail by that officer. The offense was committed in the lower end of the county nearly a year ago.

Jas. B. Dunn was here from his home near Benchley yesterday accompanied by Tom Simms of Franklin, and both went Calvert yesterday to be present at Trades' Day there and to do some hustling for the Jim Dunn barbecue and Bailey speaking in Mr. Dunn's pasture on Wednesday, July 24. Messrs. Dunn and Simms returned from Calvert to this city last night.

Indigestion

Stomach trouble is but a symptom of, and not in itself a true disease. We think of Dyspepsia, Heartburn, and Indigestion as real diseases, yet they are symptoms only of a certain specific Nerve sickness—nothing else.

It was this fact that first correctly led Dr. Shoop in the creation of that now very popular Stomach Remedy—Dr. Shoop's Restorative. Going direct to the stomach nerves, alone brought that success to that original and highly vital principle, no such lasting accomplishments were ever to be had.

For stomach distress, bloating, biliousness, bad breath and sallow complexion, try Dr. Shoop's Restorative—Tablets or Liquid—and see for yourself what it can and will do. We sell and cheerfully recommend

Dr. Shoop's Restorative

San Francisco, July 10.—Judge Dunne refused to admit Mayor Schmitz to bail.

CHARGES DENOUNCED.

Sensation Has Been Sprung In Confederate Circles.

Memphis, July 10.—The News-Scimitar publishes the following: A sensation which has been brewing for months in Confederate and social circles in Memphis, as well as in other portions of Tennessee and Kentucky, reached a climax Tuesday, when the Sarah Law chapter, United Daughters of the Confederacy, adopted drastic resolutions, denouncing as false, charges made against Mrs. T. J. Latham of Memphis, and demanding the name of the person or persons responsible for the reports upon which a letter written by General H. A. Tyler of Hickman, Ky., was based.

The circular, of which thousands of copies, carefully guarded from the press, were circulated at United Daughters of the Confederacy and other Confederate gatherings, was in the form of a letter from General Tyler to Mrs. W. A. Collier of Memphis.

It detailed charges against the loyalty of Mrs. Latham and her husband to the Confederate cause during the late war, and declaring that, under the circumstances, her prominent position in Confederate gatherings was in bad taste.

Investigation of the charges is being made by a committee of seven Confederate veterans, of which Dabney M. S. Scales is chairman. The meeting of the Sarah Law chapter was a part of the investigation.

At the reunion of the Forest cavalry veterans here last year Hon. H. A. Tyler, according to common report, is said to have publicly protested against the prominence of Mrs. Latham on Confederate work, declaring she had not favored the Confederate cause during the war between the states, and that she had not been escorted to the Canadian boundary line by northern soldiers, as she is supposed to have claimed. The incident was hushed up at the time, and it was declared that resolutions exonerating her of the charge were passed by the Sarah Law and Mary Latham chapters, United Daughters of the Confederacy.

These, too, were carefully kept from the general public. The next step in the controversy was the distribution of the dodgers at the state meeting of the United Daughters of the Confederacy at Columbia, Tenn. Efforts at the time, it is declared, were made by friends of Mrs. Latham to secure and destroy all the circulars, but these failed.

CLEVER KEITH.

Shreveport Fails to Score in the Two Games He Pitched.

By scores of 6 to 0 and 1 to 0 Little Rock defeated Shreveport in the doubleheader baseball game at Little Rock Tuesday. Pitcher Keith of Little Rock, who did the twirling in both games, allowed but ten hits and gave no bases on balls. Not a Shreveport player got to third base in the game.

Other games postponed; rain.

CARS PILED UP.

Two Dead and Five Injured In Collision of Freight Trains.

Valdosta, Ga., July 10.—As the result of a head-on collision between freight trains on the Atlantic Coast line at Blue Springs, ten miles from here, two men were killed and five injured. The dead:

T. J. Johns, flagman, son of Sheriff Johns of Jasper, Fla. George Everett, negro, who was stealing a ride on top of cars.

The injured: Engineer Wells, Engineer Sasser, George Cunningham and Silas Wright, negro brakeman. Seriously injured, an unknown negro. Twenty cars were piled up, and both engines demolished.

Embraces American Views.

The Hague, July 10.—The American, British, Russian, Dutch and Spanish delegations to test the peace conference regarding the bombardment of fortified towns. They all withdrew their proposals on the subject and entrusted Count Tornielli (Italian) to draft a proposition embracing the American views.

Woman Sentenced to Death.

Moscow, July 10.—Mme. Fromonki, who in March last attempted to assassinate General Rheinbot, ex-prefect, and who on May 13 made an attempt to murder the inspector of the political prison here, wounding him with a pistol, which had been smuggled into her cell, was sentenced to death.

Earl Sued For Divorce.

Edinburgh, July 10.—The wife of Earl Rosslyn, formerly Miss Anna Robinson of Minneapolis, has sued him for divorce. The earl is living at Paris.

SGTIONS SCORED.

Members of Legislature Criticized by Sheriffs.

San Antonio, July 10.—At the meeting of the Sheriffs' association Fort Worth was selected as the next meeting place, and the following officers were elected: President, George S. Matthews, Travis county; vice president, James Landry, Jefferson county; secretary and treasurer, John P. King, Travis county.

A resolution was adopted on the anti-pass question to the effect that the sheriffs should not request transportation except trip passes of any railroad except those which touch or pass through the counties comprising the judicial district to which the sheriff or other peace officer belongs. It is believed that this will result in the railroads continuing to issue passes to sheriffs and cause them to abandon the threat to withdraw such favors.

Every speech made referred in uncomplimentary terms to the legislature for passing the anti-pass law and otherwise trying to cut off the emoluments of the sheriffs, and the indications are that the sheriffs will attempt to prevent the re-election of many of the present members. One sheriff stated that another legislature like the present one would send all the sheriffs to the poor house.

KNIGHT TEMPLARS PARADE.

Fifteen Thousand Are In Line, and Also Fifty-Seven Bands.

Saratoga, N. Y., July 10.—With 10,000 spectators lining the streets along avenues brilliantly decorated, 15,000 Knights Templar paraded here. It was the greatest event of the triennial convocation of the grand encampment. On the official reviewing stand with the Earl of Euston of London were Grand Master G. M. Moulton of Chicago and John B. Terridor, grand master of the priority of Canada, and Governor Hughes.

For three hours the knights were in procession before the reviewing stand. Two hundred carriages conveyed the members of the grand commanderies of twelve states and territories. Three hundred horses were used by the aides. Fifty-seven bands, comprising 1,500 musicians, played unceasingly during the parade.

BEFORE BRYANT.

Receivership Matter Is Taken Up In Federal Court at Sherman.

Sherman, July 10.—The case where in the state seeks to have the Federal receivership set aside in the Waters-Pierce Oil company matter is being heard by Judge Bryant. G. W. Allen, representing State Receiver Eckhardt, claimed that when defendant company filed its bond the state still had control, quoting from numerous authorities, both state and Federal.

Judge E. B. Perkins, for Henry Clay Pierce, intervenor, addressed the court at length, his remarks covering the entire scope of the claims of the stockholder, Bradley Y. Palmer, who asked for and got the order appointing a Federal receiver, as well as those of the intervenor, whom he directly represents.

RECALL REQUESTED.

Fort Worth Police Commissioner to Be Asked to Resign.

Fort Worth, July 10.—Petitions calling for the retirement of Police Commissioner Mulkey are in circulation.

The petitions ask for the resignation of the commissioner under the recall provision of the new city charter, and state that, failing in that, they request an election under the terms of Section 135 of the new city charter.

In the recent election Mr. Mulkey was elected commissioner, place No. 1, on the Citizens' ticket, and with all other candidates on that ticket was successful by a large majority. Mr. Mulkey was made police and fire commissioner, and is now in charge of those departments.

BURNED TO DEATH.

Lady Loses Her Life, and Daughter May Also Expire.

Mart, Tex., July 10.—Mrs. W. H. Thrower was burned to death by the explosion of a lamp. Her husband was badly burned in trying to extinguish the fire, but will recover. Miss Thrower was also burned, probably fatally. Mr. Thrower is a farmer living about three miles east of Mart.

BREVITIES BUNCHED.

Sapulpa, I. T., had no tornado Sunday.

Standard Oil company will stop business in Japan.

Dallas is to have ten additional post office clerks and Fort Worth nine.

Office of Llano, Tex., Times and its valuable library were destroyed by fire.

Business league of Mesquite, Tex., will pay 25 cents per 100 for boll weevils.

At Bluejacket, Cherokee nation, over 80,000 bushels of corn are stored in cribs.

General Funston, stationed at San Francisco, says he has received twenty threatening letters.

In an excavation at Brownwood, Texas, Charles Crumb and Clarence Murphy, small boys, drowned.

By the accidental discharge of his gun Dwight Hoskins of Ramona, I. T., lost three toes on his right foot.

By the blowing out of the steam cock on a locomotive at Denison J. E. Foster and C. E. McBee were badly scalded.
